18 Years ago our lives were shattered into a million pieces when our amazing beloved Sister "Our Joan" was taken from us too soon a part of us went with you. A beautiful shining star lost its sparkle, the world became a darker place when the world lost and amazing lady and "Our Joan" fell asleep. Our lives have never been the same since however we hold on to all the beautiful memories we have of you which keeps us going. As the bells toll 12 midnight we will search for you among the stars on Christmas Eve and raise a glass of champagne to your memory. You are always in our thoughts and our hearts we love and miss you always and forever until we meet again and are reunited love to you at Christmas and always your legacy of love lives on through us while our hearts beat you will never be forgotten.
